He has come up in writing module/s to further enhance the teaching environment and to catch up in the fast phase world of educational dynamics. This will not only benefit the students but as well as other stakeholders and the university as well.

Duyan

Sa bawat dapithapon, ikaw ay nandiyan.
Wari ko ay may yakap kang taglay sa aking
bawat sanayasay. Ikaw ang aking sandigan at kinalulugdan.
Kay banayad at dakila ang iyong pagduyan.

Tahimik ang bawat ugoy; kasabay ng pagaspas ng hangin
galing sa Silangan. Munti kong mga pangungusap, iyong tinatanggap.
Wari ko ang lahat ay katotohan na walang pagpapanggap.

Hindi alintana ang takipsilim na may akda. Bawat masid sa langit ay
may itinakda. Ako ay nagagalak sa bawat halakhak; busilak mong
puso, aking pinagtanto.

Paggising sa umaga; una kang nakikita. Salamat sa iyong gunita
sa paglikha ng mga obra. Bagamat may mga nais ang pusong may dinaramdam;
bulong mong kay rikit; lunas sa bawat hinanakit.

Sa iyong katatagan; kaakibat ng iyong mga lubid.
Aking idinogtong ang aking mga pasubali. Maipabatid
man lamang ang laman nitong damdaming walang poot at galit.
